

Prof. Dr. Bilge SENER

Adjunct Professor, H.E.J. Research Institute of Chemistry, ICCBS, University of Karachi, Pakistan.

Retired Professor, Department of Pharmacognosy, Faculty of Pharmacy, Gazi University, Ankara-Turkey

Field: Pharmacognosy

Prof. Sener graduated from Ankara University, Faculty of Pharmacy in 1974 and completed her Ph.D. (awarded by TUBITAK) at the Dept. of Pharmacognosy, Ankara University in 1977. In 1981, she became an Assoc. Prof. at the same department and became a full Professor in 1988. Furthermore, she was a researcher at the Department of Chemistry, The Pennsylvania State University (USA) between 1986 and 1988 as Visiting scientist awarded by NSF (National Science Foundation).

Prof. Sener is also involved in several administrative tasks (Dean, Co-Director, delegate etc.) at Gazi University and as a Turkish delegate at the European Pharmacopoeia Commission by the Ministry of Health. She has also served as a member of the Bioorganic Committee of the IUPAC (International Union of Pure and Applied Chemistry)

Her main research field is development of bioactive compounds from Turkish medicinal plants and evaluation of herbal medicines and nutraceuticals for their quality control. She has won 21 awards from national and international institutions. In addition, she has completed 48 projects supported by NATO, NSF, IUPAC, Soctrates-Grundtvig, TUBITAK and University Research Funds. She has authored/co-authored 15 books, 99 chapters and 716 research articles published in leading peer reviewed international journals. She has also given 68 conferences and 358 plenary and invited lectures. Lastly, she has supervised 22 Ph.D. thesis at Gazi University and as co-advisor of 16 Ph.D. at the University of Karachi.
