COMSTECH's Coordinator-General receives gold medal

He also received the Mustafa PBUH Award, the ECO Award, the Khawarizmi Award, the COMSTECH Award, the TWAS Young Scientist Award, and the Prof. Abdus Salam Award.

COMSTECH: The Third Islamic Summit of the OIC, convened in KSA in January 1981, created COMSTECH, the OIC's Ministerial Standing Committee on Scientific and Technological Cooperation. COMSTECH is chaired by the President of Pakistan.

COMSTECH's fundamental imperative is to increase collaboration among the OIC Member States in science and technology (S&T) and optimize their operations.

Accordingly, it aims to do so by training in emerging sectors, performing follow-up actions and executing OIC decisions, and developing plans and recommending measures to increase the functionality of Muslim nations in science and technology (S&T).

Therefore, the ultimate goal is to create and sustain a scientific culture and use science and technology as key contributors to socio-economic growth.
